**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I need wired internet and phone service; I am EMF sensitive. A single provider is unlikely to meet my needs. AT&T didn't offer a wired connection when I moved here, and it has high prices for my very limited usage. I so enjoyed Omsoft's good DSL system when in Davis, CA. Choices are fewer and service is less satisfactory in Sacramento.

If only wifi or expensive fiber were available, I would NOT have phone or internet service.

Please allow competition to develop options for the little guy.
